

# theraclear CARTRIDGE FILTER

- Simple to use and maintain
- Reduced foot print for tight spaces
- Easy to read pressure gauge
- Hand operated locking ring for easy access
- Low profile tank design for simple cartridge removal
- Fine filtration for crystal clear water

# THERACLEAR CARTRIDGE FILTER

Constructed from high impact polypropylene and designed to make maintenance simple, the Theraclear CF range will provide you with trouble free filtration and crystal clear water.

The compact design allows these filters to be placed within the smallest of plant rooms without sacrificing any water filtration capabilities.

## Technology

The internal cartridge filter element has been fabricated from pleated re-usable polyester fabric. The design of the internal pleating allows for maximum storage capacity of foreign matter and also aids in the cleaning process which promotes a longer life.

## FEATURES AND BENEFITS

- Air relief valve.
- Easy to read pressure gauge.
- Hand operated locking ring allowing access to cartridge filter element.
- Solid one piece polymer tank.
- Low profile tank design allows easy removal of the cartridge element for cleaning purposes.
- Cleaning is performed simply by hosing the element down with a standard garden hose.
- Heavy duty polyester filtration fabric with wide deep pleats provides better filtration efficiency, easier cleaning and longer cartridge life.
- 50mm quick connect barrel unions for PVC pipe connections.

## TECHNICAL SPECS

With three filter sizes in the range all pool volumes are catered for:

MODEL NO	135	180	225
FILTER AREA (sq ft)	135	180	225
MAX FLOW (lpm)	510	510	510
WORKING PRESSURE (kpa)	350	350	350
HEIGHT (mm)	668	668	1170
DIAMETER (mm)	483	483	483

### Warranty:

10 year tank warranty (5+5)  
1 year on all other components
