

# Your pool in the palm of your hand

Theralux Active™ Pool+ Manager –  
easy to use automation for your pool

Connect your pool with your lifestyle. Manage and control your pool, spa, heating requirements and garden lighting from the palm of your hand, in one easy to use app, from the comfort of your couch or whilst you are on the move. Designed to also remove the hassle from pool and spa operation, Pool+ Manager brings simplicity to owning and operating a pool.

# Theralux Active™ Pool+ Manager

## Features

- 2 standard GPO's plus 3 per expansion module
- 4 actuators which control the flow of water to different pool equipment
- Manage up to 8 power sockets with 2 expansion modules
- Includes pump speed control
- Set up to 4 different filtration times

## Ease of use

No more climbing into hard to reach filter boxes, operating pumps, lights and heaters from different locations or switching pool and garden lights from different devices. Experience the freedom and control of activating your pool with your smartphone, with Theralux Active™ Pool+ Manager.

## Remote Access

Aligning with your lifestyle, you can now leave work and with just a touch, have your spa heated and bubbling away for your arrival home.

## Compatibility

Designed to be completely modular and can accommodate almost all pool control requirements.

## Modular design

The expansion modules are also easily adapted, so you can control up to 8 different items of equipment.

## Equipment you can control

- Filter Pump
- Cleaning Pump
- Chlorinator
- Solar (pump or valve)
- Gas Heater
- Heat Pump
- Water Features
- Spa
- Spa Blower
- Spa Light
- Garden Light and more!
- Jet Pump
