

POOL ACCESS EQUIPMENT

ACCESS FOR ALL

The water provides therapeutic benefits that enhance quality of life outside the pool. We believe these benefits should be available to everyone, and offer a full line of DDA compliant pool lifts to help ensure everyone can get in and out of the pool safely.

PRODUCTS FOR EVERY POOL

S.R.Smith accessibility products range from the Mobile Aquatic Chair (MAC) to a wide range of fixed pool lifts—both anchored and portable. Our pool lifts come in a variety of styles including Hi/Lo models for facilities with in-ground pools and raised spas, as well as Extended Reach models for pools with wide gutter configurations.

STANDARD FEATURES ON ALL S.R. SMITH LIFTS

- 5 Year Structural Warranty
- Fully rotomolded seat with integrated armrests
 - LiftOperator® Intelligent Control
 - Water-resistant user hand control
- 24 volt rechargeable battery, charger & cover

POOL ACCESS PLATFORM LIFT

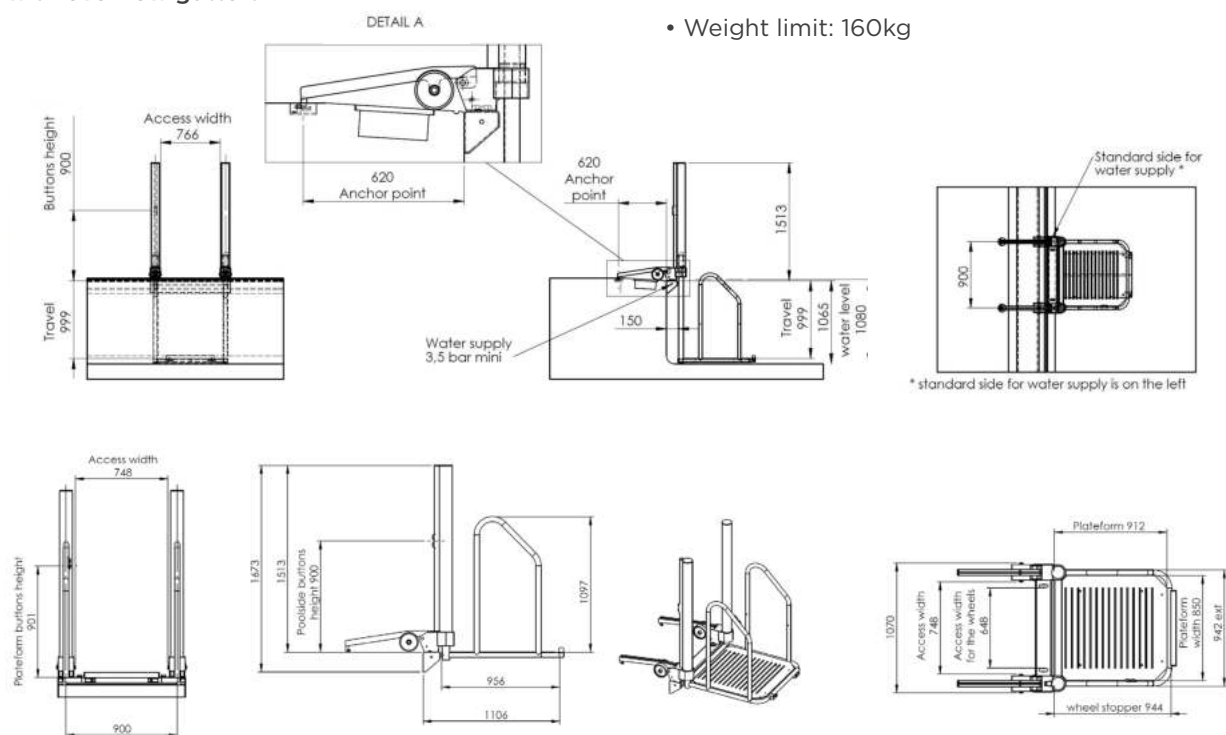

Mobile Hydraulic Platform Lift

A hydraulic driven Mobile Platform Lift that allows users to descend into the pool from an aquatic chair or from a standing position. Designed with in-deck mounting points, electro-polished 316L stainless steel and high-density polyethylene construction. Using an in-built dual pressure control panel the user can independently descend into the pool.

Typical lift design for pools with overflow gutters

- Hydraulic drive connected to water supply (Minimum pressure 3 bars)
- Simple retro-fit installation
- Simple user controls (from deck or on platform)
- Foldable for storage
- Custom designed to suit any pool deck profile
- Typical design to accommodate overflow gutter (shown below)
- Patented and CE certified
- Guaranteed for 2 years
- Weight limit: 160kg

POOL ACCESS AQUATIC CHAIR

MAC (Mobile Aquatic Chair)

Essential for facilities utilising a ramp, zero-depth entry or movable floor. The MAC is built specifically for use in aquatic environments with a powder coated stainless steel frame to resist corrosion and a swing away arm for easy transfer.

- Front and rear stabiliser wheels eliminate the tendency of a chair to pitch forward or back while going down the ramp
- Unibody frame construction for increased durability
- Arm rests flip up for easy transfer on and off the chair
- Powder-coated stainless steel frame resists corrosion
- Rigid roto-molded plastic seat aids in user transfer by providing a stable platform that can be used for transfer support
- Weight capacity: 136kg

Seat is 381mm deep and 457mm wide

		Weight	Length	Width	Height
AC0000	MAC (Mobile Aquatic Chair)	27kg	109cm	64cm	56cm

POOL ACCESS ATTACHMENTS

Pool Sling Lift Attachment

Strong, mesh sling seat assembly attaches to both the PAL2 and Splash! pool lift and is an optional accessory that can be used instead of the rotomolded seat. Please Note: Pool sling attachment is only suitable for Hi/Lo lift options.

Stability Strap

The stability strap was designed to facilitate the transfer of individuals with limited or no independent upper body or trunk stability. The strap attaches the user to the chair, strapping them in for support. Compatible with all models of S.R.Smith pool lifts manufactured after June 2016.

Spine Board Attachment

The Spine Board Attachment works with any standard spine board (not included). Simply remove the chair assembly by pulling the attachment pin and replace that assembly with the Spine Board Attachment. One person can easily extract an injured person from a pool, keeping the injured person fully supported during the procedure.

Spineboard attachment shown on PAL lift

Pool Access Attachments

Model/Item No.	Description	SHIPPING			
		Weight	Length	Width	Height
550-2000	Pool Sling Lift Attachment	31kg	220cm	100cm	15cm
900-6000	Stability Strap				
500-1000	Spine Board Attachment				

ACCESSIBILITY EQUIPMENT PARTS & ACCESSORIES

PAL & Splash! Lift Cover

On the PAL2, the cover protects the seat and actuator arm. On the Splash! lift, the cover protects the seat, actuator arm, and base.

Splash Caddy

Facilitates handling, transporting and storing a Splash! pool lift. Made from powder coated steel for surface protection. Caddies simplify insertion and removal of the connector shaft into the pool deck.

Batteries & Chargers

All pool lifts are powered by a 24 volt, rechargeable battery. The battery should be left on the charger when not in use.

Sign "Lift Available"

This 23cm x 30cm metal sign can be posted at your facility to let guests know about your pool lift.
